Integrative Medicine: Evidence-Based Approach for Practice

This course will provide an evidence-based overview of tools and techniques from integrative medicine. We will address key questions around patient use of dietary supplements, non-pharmacologic options for chronic pain, and natural approaches to address small intestinal bacteria overgrowth (SIBO). For the two afternoon workshop sessions you will have your choice of reviewing musculoskeletal techniques; exploring the benefits of and practicing laughter and breathing techniques, and applying the use of narrative medicine and writing exercises for improved well-being and compassion.

Teaching methods include lecture, questions and answers with faculty, and break-out sessions.

TARGET AUDIENCE:

This course is appropriate for physicians, residents, advanced practice providers and nurses across all disciplines.

COURSE OBJECTIVES:

- Discuss the impact of environmental design on emotional and physical well-being
- Identify evidence-based use of common supplements
- Define tendinopathies and recommend non-pharmacologic treatment alternatives
- Cite the health benefits of positive psychology, and apply its techniques in your daily practice
- Assess how and when to use an elemental diet for the treatment of small intestinal bacteria overgrowth (SIBO)
- Discuss the types of issues that can be managed with acupuncture
- Use and recommend narrative medicine to tell a story and improve well-being
- Recommend laughter and breathing techniques to help reduce stress and improve health
- Use trigger point injections to address musculoskeletal pain

Accreditation with Commendation: Virginia Mason Medical Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: Virginia Mason Medical Center designates this live activity for a maximum of **6.0 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAFP: Application for CME credit has been filed with the American Academy of Family Physicians (AAFP). **Determination of credit is pending.**

ABIM MOC: Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 6.0 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Location: The course will be held in Volney Richmond Auditorium on Level One of the Virginia Mason Lindeman Pavilion, 1201 Terry Avenue, Seattle (between Seneca & University Streets.) *Please note the Terry Street entrance into Lindeman Pavilion is Level Two.* For information, contact the CME Department at 206-341-0142 or email cme@virginiamason.org.
