

VIRGINIA MASON CONTINUING MEDICAL EDUCATION

Update in Otology and Otolaryngology

A Virtual Experience

Friday, November 6, 2020

Presented online via livestream

Virginia Mason

Update in Otology and Otolaryngology

“Virginia Mason Update in Otology and Otolaryngology – A Virtual Experience” provides a unique opportunity for otolaryngologists, advanced practitioners, and otolaryngology trainees to increase their knowledge and competence in the work-up and surgical care of otologic diseases, as well as to explore a variety of other topics within the field. Due to restrictions on in-person gatherings, this full day course will be presented online via livestream for the first time ever.

The morning begins with live on-line observation of otologic surgery performed by one of Virginia Mason’s otologists. Two procedures will be completed, and during these procedures viewers will hear from the surgeon and have the opportunity to interact with the MD facilitator who will address your questions in real time.

The afternoon on-line lectures will feature both local and national experts in their fields. The afternoon begins with the latest information on hypoglossal nerve stimulation for obstructive sleep apnea, followed by approaches to sensorineural hearing loss in the pediatric patient, an update on the management of pulsatile tinnitus, treatment of unilateral vocal fold paralysis, and exploring the expanding indications for cochlear implantation in children and adults. We will close out the day with timely topics in head and neck cancer, care of the transgender patient, and will close with a COVID-19 update for the otolaryngologist.

Teaching methods include lectures, online surgical observations, and questions and answers with faculty.

TARGET AUDIENCE:

This course is appropriate for otolaryngologists and plastic surgeons. This course is also appropriate for clinicians who have an interest in otologic topics.

COURSE OBJECTIVES:

- Evaluate outcomes of hypoglossal nerve stimulation
- Discuss recommended consultations and tests in evaluation of sensorineural hearing loss in children
- Select and apply management strategies for certain causes of pulsatile tinnitus
- Review outcomes of cochlear implantation for children and adults with asymmetric hearing loss/single-sided deafness
- Discuss the work-up in a patient with unilateral vocal fold paralysis and the possible pathophysiological etiologies
- Summarize emerging trends in the treatment of head and neck cancer
- Explain the more common procedures and techniques involved in gender affirming facial surgery
- Apply the current COVID-19 precautions for clinic and operating room

Update in Otology and Otolaryngology

Faculty

COURSE DIRECTORS

Seth R. Schwartz, MD, MPH

Otology, Neurotology & Cranial Base Surgery
Medical Director, The Listen for Life Center
Department of Otolaryngology and Head & Neck Surgery
Virginia Mason Medical Center, Seattle, Wash.

Daniel M. Zeitler, MD FACS

Otology, Neurotology & Cranial Base Surgery
The Listen for Life Center
Department of Otolaryngology/Head & Neck Surgery
Virginia Mason Medical Center
Clinical Faculty – University of Washington, Seattle, Wash.

FACULTY

Milan R. Amin, MD

Otolaryngology
Voice Center
NYU Langone Health, New York, NY

Samantha Anne, MD, MS

Associate Professor of Surgery
Medical Director, Pediatric Ear & Hearing Disorders
Head & Neck Institute, Cleveland Clinic, Cleveland, Ohio

Stephen W. Bayles, MD, FACS

Head & Neck Surgery
Chief of Surgery
Virginia Mason, Seattle, Wash.

Eric J. Kezirian, MD, MPH

Professor and Vice Chair
USC Caruso Department of Otolaryngology – Head and Neck Surgery
Keck School of Medicine of USC, Los Angeles, Calif.

Anna J. Knisely, MD

Rhinologist
Department of Otolaryngology
Swedish Otolaryngology Specialists, Seattle, Wash.

Michael J. Nuara, MD

Otolaryngologist – Facial Plastic Surgeon
Facial Plastic & Reconstructive Surgery
Virginia Mason, Seattle, Wash.

Update in Otology and Otolaryngology

Agenda

7:50 a.m. *Livestream connection opens for Optional Surgical Observation*

8:00 a.m. **Live Surgical Demonstrations: Two Otological Cases**
Seth Schwartz, MD & Daniel Zeitler, MD

12:00 p.m. *Break*

ACCREDITED PROGRAM BEGINS

1:00 p.m. **Introductions** | Daniel Zeitler, MD

1:05 p.m. **Hypoglossal Nerve Stimulation for Obstructive Sleep Apnea**
Eric Kezarian, MD

1:35 p.m. **Sensorineural Hearing Loss (SNHL) in a Child: Where Do You Start?**
Samantha Anne, MD

2:05 p.m. **Pulsatile Tinnitus: Workup and Management Options**
Seth Schwartz, MD

2:35 p.m. **Expanding Indications for Cochlear Implantation in Kids and Adults**
Daniel Zeitler, MD

3:05 p.m. *Break*

3:30 p.m. **Management of Unilateral Vocal Fold Paralysis** | Milan Amin, MD

4:00 p.m. **Head and Neck Cancer in 2020: Where We've Been and Where We Are Going** | Stephen Bayles, MD

4:30 p.m. **Medical and Surgical Care of the Transgender Patient**
Michael Nuara, MD

5:00 p.m. **COVID Update for the Otolaryngologist** | Anna Knisely, MD

5:30 p.m. **Wrap Up** | Seth Schwartz, MD & Daniel Zeitler, MD

Accreditation with Commendation: Virginia Mason Medical Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: Virginia Mason Medical Center designates this live activity for a maximum of **4.0 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABOHNS Recognition Statement: Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn their required annual part II self-assessment credit in the American Board of Otolaryngology – Head and Neck Surgery's Continuing Certification program (formerly known as MOC). It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of recognizing participation.

The course will be held via livestream presentation. For information, contact the CME Department at 206-341-0142 or email cme@virginiamason.org.

Registration

To register, complete the form below and send via:

MAIL:
Virginia Mason CME Dept.
1100 Ninth Ave, D3-CME
Seattle, WA 98101
