Core Clinical Faculty, Internal Medicine Residency

Jonathan Stoehr, MD, PhD

Endocrinology, Diabetes, Metabolism
Benaroya Diabetes Center at Virginia Mason

The “10th Annual Topics in Primary Care” will focus on updates on common problems encountered in primary care practice. Morning sessions will consist of lectures with discussion panels on topics including diabetes management, hip osteoarthritis, breast imaging, dementia and evidence-based laboratory testing. Afternoon workshops provide opportunities for hands-on practice of knee and shoulder exams and case-based interactive discussions on common musculoskeletal problems, cognitive behavioral therapy for insomnia, and care of issues specific to transgender patients.

Teaching methods include lectures, panel question-and-answer sessions with faculty, and workshop sessions with hands-on practice.

TARGET AUDIENCE:

This course is appropriate for physicians in family practice, general practice and internal medicine. This course is also appropriate for residents and advanced practice providers.

OBJECTIVES:

At the conclusion of this activity, participants should be able to:

- Review the therapies for type 2 diabetes with evidence for improving survival and reducing cardiovascular events
- Assess appropriate use of topical antibiotics for wounds and systemic onychomycosis therapy
- Cite two evidence-based interventions that impact Tau protein, Beta amyloid in the brain
- Utilize three clinical pearls in interpretation of structured cognitive testing
- Utilize risk assessment and shared-decision making to prescribe menopausal hormone therapy appropriately and effectively for treatment of systemic and genitourinary symptoms
- Diagnose source of hip pain and hip osteoarthritis and discuss indications and evidence for operative and non-operative management
- Discuss 2D versus 3D (tomosynthesis) mammograms with patients and appropriately select patients for tomosynthesis
- Discuss basis and techniques for cognitive behavioral therapy to treat insomnia
- Review risks and benefits of sex hormone therapy for transgender patients
- Apply evidence-based diagnosis and treatment of greater trochanteric pain syndrome, elbow epicondylitis, pre-patellar and olecranon bursitis, and metatarsalgia
- Examine the knee and shoulder using a systematic and practical approach
- Use the USPSTF decision aid to enhance shared-decision making with patients eligible for prostate cancer screening

Accreditation with Commendation: Virginia Mason Medical Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: Virginia Mason Medical Center designates this live activity for a maximum of **6.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 6.75 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to

Agenda

- 7:00 a.m. Registration opens, breakfast selection available
- 7:30 a.m. **GRAND ROUNDS PRESENTATION:**
Beyond Glucose: Improving survival and quality of life in patients with type 2 diabetes | Jonathan Stoehr, MD, PhD
- 8:30 a.m. Break
- 8:40 a.m. **Opening Remarks** | Paul Smith, MD
- 8:45 a.m. **Choosing Wisely: A whirlwind tour of thyroid imaging, hypercoagulable workup, insomnia, and antimicrobials for the skin** | Ananth Shenoy, MD
- 9:15 a.m. **Screening and Evaluation of Cognitive Impairment in the Primary Setting** | Rich Furlong, MD
- 9:45 a.m. **Management of Menopausal Symptoms** | Marissa Dahlman, MD
- 10:15 a.m. **Discussion Panel and Q&A** | Ananth Shenoy, MD; Rich Furlong, MD; Marisa Dahlman, MD
- 10:30 a.m. Break
- 10:45 a.m. **Hip Pain and Osteoarthritis Management** | Jonathan Clabeaux, MD
- 11:15 a.m. **Breast Imaging for the Primary Care Provider** | Jennifer Kohr, MD
